History of March Scopes (Manufactured by DEON Optical Design Corporation in Japan)

2004 October	Deon Optical Design Corporation is established.
2006 March	DEON manufactures 3 scopes of off-brand 40x52 SFP prototype and shipped them to a benchrest shooter in the USA. 40x52 SFP is manufactured with all Japanese top quality parts with no plastic parts excepting the few parts for the function they serve.
April	The body is fully machined from aluminum ingot. DEON is the first to use ED glass in riflescopes. Off-brand 40x52 prototype scope wins at Texas Bluebonnet Competition in the USA (serving as Texas Championship LV&SP as well) shooting a minimum group of .208 at 200yd.
June	DEON names the 40x52 SFP scope "March Scope".
October	March is the birth month of our prior investor Dr. Nagayama and our CEO Shimizu. Also March has a meaning "to walk, to move forward". This is why our scope is called "March Scope". DEON ships 30 scopes of 40x52 within Japan and 72 scopes to the USA.
